## **Letter of Recommendation**

### **for Aider Sp. z o.o.**

Yareal Polska Sp. z o.o. is one of the leading real estate developers on the Polish market, whose equity exceeds PLN 450 million. Yareal has delivered 22 residential projects and 10 office buildings with a total area of more than 149,000 sqm, and has sold over 4,000 apartments and units to private clients in Warsaw and the Tri-City area.

Yareal Polska has been cooperating with Aider since October 2022. Within the scope of our cooperation, Aider provides our company with outsourcing services covering the maintenance of the statutory books of account, as well as ongoing support in the process of quarterly group consolidation reporting prepared in both EUR and PLN. The Aider team is also actively involved in supporting our annual financial audits and cooperates seamlessly with our internal finance department on a day-to-day basis.

From the very beginning of our cooperation, Aider has diligently and promptly fulfilled its obligations, while consistently ensuring high quality of services and taking care of our mutual business relations. The bookkeeping is maintained in mixed model – on Aider's and our IT environment.

The quarterly consolidation reporting in EUR and PLN, in particular, requires not only technical accounting competence but also a thorough understanding of group reporting standards, tight deadlines and the specifics of intercompany transactions. The Aider team has consistently met these expectations, delivering accurate and timely consolidation packages and proactively flagging any items that required clarification or additional analysis.

Our cooperation with Aider runs smoothly. The company stands out on the market thanks to its professionalism, commitment and the consistently high quality of services provided. Their staff are competent and, at the same time, demonstrate flexible and client-oriented approach.

The cooperation with Aider has been productive. All tasks have been carried out reliably and with due diligence. We can therefore confidently recommend Aider as a trustworthy business partner in the field of accounting outsourcing and group consolidation reporting.

Yours faithfully,

France KOPERSKA
